

### Depot's storage mission complete

*Final HD ton containers delivered to disposal plant*

Above: Army Site Project Manager Gary Anderson (in cowboy hat) and depot chemical operations worker Joe Middleton add their signatures the last Enhanced Onsite Container (EONC) at a ceremony on the depot Thursday morning. Below: The EONC was received by a cheering throng of Umatilla Chemical Agent Disposal Facility (UMCDF) workers outside the Container Handling Building (CHB), where the container was received for holding until the mustard-filled ton container inside is removed for processing.

### UMCDF Highlights

- It has been 1,930 days, or more than 9 million work hours, since a lost work day accident occurred at the UMCDF (July 7, 2006).
